THIS is a special kind of Christmas-the first in seven years without the darkness of war,

At last we are free to celebrate the season in the

Our loved ones are home. The candles will gleam brighter now, the balsam boughs will breathe a more pungent fragrance, and more sweetly than ever will carols ring . . . as if in answer to a world's prayers for peace.

But none will forget-now or ever-those fallen

sons who sacrificed their lives that we might know the joy of Christmas again.

In their honour and to their glory we worship at home and shrine. And in our hearts shall we resolve to do those things which keep us strong and in the right-the best way of all to banish war forever.

In this, we shall be men who think of tomorrow-men of good will, making sure of ever better Christmases to come,

### HELP THEM FIND A PLACE TO LIVE

Six years ago this month Canada's First Division landed in England. On the 25th of December, 1939 they spent their first Christmas away from home. This year thousands of them returned. December 25, 1945, will see them reunited with their families for their first Christmas since 1938.

It is a day they have looked forward to for many years, but for thousands of them it won't be a real Christmas. They will be spending it in one room. They will be eating Christmas dinner in restaurants. It will not be the Christmas they expected.

You Canadians who have unused space in your homes, however, can help. You can make this unused space available to a veteran. You can provide them with a place where they can be together with their wives and their children.

If you have space which you can make available, list it with the Citizens' Rehabilitation Committee, or the local branch of the Canadian Legion; advertise it in the newspapers or list it with a real estate agent. Inquire at the nearest Rentals Office of the Wartime

There is provision under Wartime Prices and Trade Board regulations for short-term leases of five months or less in which the noneviction regulations do not apply. Accommodation for five months or less would see many veterans over the winter period and would give them an opportunity to find more permanent accommodation.

There is provision also under which a large portion of the money received for rent of rooms can be exempt from income tax if the revenue is designated as the income of the wife or blood relative. Two-thirds of this income may be deducted as expense.

Canada's veterans need accommodation and need it badly in every section of the Dominion. They are looking to Canadians who can assist them in this emergency. Won't you be a good neighbour and rent to a veteran?

Prices and Trade Board about five months or less rental agreements. These are exempt from normal Wartime Prices and Trade Board non-eviction regulations, and five months tenancy will help many veterons through the winter.

CHAIRMAN OF THE LINDSAY REHABILITATION COMMITTEE COL. R.I. MOORE, Lindsay, Ont.
